Turn On Red Light! Another Swimmer Crosses Channel And Wins \$5,000 Prize

DOVER Sept. 17—(Editorial) A British swimmer, David the English Channel another time today when he swam the English Channel in 13 hours and 47 minutes.

A few months ago, before the advent of David, the Channel was held as a record for all time. A less lucky swimmer, Jane Dawson, described as the most extraordinary swimmer, was forced to give up his attempt after being in the water 13 hours and coming within four and a half miles of the Dover coast. Dawson started at 9 o'clock last night and landed on St. Margarets at 10:47 o'clock this morning.

David, on the time made by Dawson, 13 hours and 47 minutes, won the \$5,000 prize offered by

Lord Hildell, publisher of the Daily Mirror. The prize was offered to the man or woman of English birth who swam the English Channel in the shortest time.

Miss Dawson, attempt to swim the Channel was inspired by a desire to win the Hildell prize. She gave up the attempt because of the extreme coldness of the water and the heavy fog. This fog cleared away, giving Dawson a clear sight of land.

Dawson, a new swimmer, the Channel swimmer, a champion of Great Britain. He is the first English man to swim the Channel in less than 14 hours. Dawson finished strongly with a powerful breast stroke. He walked ashore easily and after dressing went to the Green Man inn for a bath and breakfast.

ATTENDANCE AT FAIR THURSDAY BELOW AVERAGE

Threatening Weather Assigned
as Reason for Size of
Crowds

Attendance at the Marion County Fair yesterday, although the largest of the week, was slightly under the average Thursday crowd in former years, according to a report of the fair officials.

At both the day and night fairs, near 15,000 persons were admitted through the gates into the grounds. Threatening clouds during the day is blamed for keeping the number below normal.

Reports today revealed fair weather conditions for the observance of the fair today. A record crowd is expected to seek admittance to the grounds providing the weather follows its predicted course.

The race track yesterday was in fair condition for the many races held on the oval. The grounds were away in several places, however, the result of the rain which halted the fair Wednesday.

Night Fair Event
First night fair was attended by a record crowd. A number of performances and fireworks, together with several other attractions, were given.

Judging of exhibits in the horse show were being completed today. The last department in which premiums will be awarded, judging vegetables, cattle, turn to page 6.

JONES AND VON ELM IN FINAL, PLAY INDICATES

Atlanta Golf Wizard Three Up
on Oumet at End of
18 Holes

Reformed Golf Club Short Hills N. J. Sept. 17—Bobby Jones, the Atlanta golf wizard, finished the first 18 holes of his semi-final round match in the national amateur golf championship this morning with a lead of three up on Oumet, his last enemy and former champion.

Jones was defending the title he won in 1924 and 1925, and seemed to realize that he must play his best golf against a man of Oumet's caliber.

All square going to the 14th hole, Bobby Jones, who had won the 17th and 18th holes, leaving the two men square in the rear for the first time. Jones then had halved every hole from the third to the 14th inclusive. It was all over when Jones, on the 15th hole, won the match.

Now looks as if the final will be Jones vs. George Von Elm, a Von Elm was six up on George Dawson, Chicago, at the end of the first eight holes and Oumet was not likely to spot Jones three holes in 18 and beat him to the wire.

HEYDLER SUSPENDS ARTHUR FLETCHER

Alleged Use of Abusive Language to
Empire Results in
Suspension

New York Sept. 17—Arthur Fletcher, manager of the Philadelphia National League club, has been suspended for the balance of the season for his tactics during one of yesterday's games with the St. Louis Cardinals in Philadelphia. It was announced this afternoon by John Heydler, president of the National League.

James Wilson, catcher for the Philadelphia, was fined \$50 by Heydler for his part in the proceedings. Fletcher, according to Heydler's ruling, was guilty of using abusive language to umpire Klein and general bad conduct. It was explained that after Fletcher's altercation with Klein, he took 15 minutes in getting the ball field.

DENY OREGON REPORT
Washington, Sept. 17—Neither the State Department nor the Mexican Embassy has received reports that General Oregon has been killed by Sami Indians.

FLOOD DAMAGE NOW PLACED AT 20 MILLIONS

Rain Continues Falling Over
Stricken Area. Illinois In-
diana, Iowa Hardest Hit

CHICAGO Sept. 17—The most damaging flood in half a century was now being over vast areas of the midwestern states today. Property loss thus far has been placed at upwards of \$20,000,000, with much more accurate estimate at this time is impossible.

At least 20 persons are known to have lost their lives.

Rain continued falling today over much of the stricken area. Thousands of families have been driven from their homes and are seeking temporary refuge on higher ground. Whole counties of rich farm land are under water in some states the crops have been washed away.

The three states of Illinois, Indiana and Iowa are the hardest hit. Michigan, Wisconsin and Ohio are also suffering heavy damage.

Work on Levees
Skunk River flowing through the extreme southwestern corner of Iowa presents the real drama of the flood. Three hundred miles of levees in Lee County are working day and night in the levees in a frantic effort to keep pace with the rising river.

The levee has gone out in one or two places, flooding hundreds of acres of rich farming land and driving farmers and livestock to the hills.

Several towns and villages in the Skunk Valley are threatened with complete inundation. Similar conditions prevail along the Illinois River, which has reached a flood stage of 24 feet. Hardstown, Ill. is threatened and hundreds of workers are fighting to save the weakened levee.

Highways have been washed out and turn to page 5.

U. S. DEMANDS MEXICO FIND, PUNISH SLAYERS

Troops Reported Pursuing
Bandits Who Held Up and
Killed American

MEXICO CITY Sept. 17—United States representatives were made to the Mexican government today by the American charge Schenckel, insisting that the Mexican government take all steps to apprehend and punish the slayers of Jacob Rosenthal of Washington, D. C.

Group and a letter is being sent to the Mexican government to demand that the slayers be found and punished. The letter is being sent to the Mexican government to demand that the slayers be found and punished.

The American case is somewhat weakened, it was learned by the fact there is now in the State Department a strong protest from the Mexican government over the slaying of three Mexicans in Raymondville, Texas, some days ago.

DELAWARE AWARDED 1927 METHODIST CONVENTION

Gallipolis, Sept. 17—The one hundred and sixtieth annual session of the Ohio Conference of the Methodist Episcopal Church will be held in Delaware, Ohio, next year, it was decided by the five hundred pastors and laymen delegates attending the 1926 convention here today.

ASK NEW TRIAL

Dedham, Mass. Sept. 17—Motion for a new trial for Nicola Kozlov and Bartolomeo Vanzetti, convicted slayers, will be under advisement for several weeks. Judge Webster Thayer, sitting today in Norfolk County Superior Court, announced at the conclusion of the rebuttal argument by defense counsel.

MODERN SOLOMON TESTS NEWLYWEDS

Mable Ousley Humphrey and her husband Clinton Humphrey

KANSAS CITY, Mo. Sept. 17—Young love is romantic and all that, but the heart of the newlyweds is not so romantic. It is a fact of life that the newlyweds are not so romantic as they seem to be.

The newlyweds each holding the other's hand, made a desperate dash to the court to prevent them from continuing their marriage into matrimony. That Mabel was made a ward of the juvenile court and was sent to the reformatory at Joplin for one year.

The sentence of the court, given the length of the time spent in the home would be dependent upon her behavior and the passing power of her 17-year-old husband.

Unable to restrain a sob when she heard her husband's name and began to cry hysterically.

What I will do will I tell on her. He said I will tell on her. He said I will tell on her.

No, the judge answered. I will tell on her. He said I will tell on her. He said I will tell on her.

With an attempt at controlling his emotion, he turned to Mabel, who was sitting next to him, and said: "You are a good girl, but you are a bad girl."

With a dissonant excitement, she turned to her husband and said: "I will tell on her. He said I will tell on her. He said I will tell on her."

But the judge was not to be moved. "If she was here, well, it would be a different story."

He said I will tell on her. He said I will tell on her. He said I will tell on her.

He said I will tell on her. He said I will tell on her. He said I will tell on her.

He said I will tell on her. He said I will tell on her. He said I will tell on her.

MARION LEGION POST MAKING ARRANGEMENTS

Officials Expect To Make Ob-
servance Biggest Since
Nov. 11, 1918

PARADE TO BE FEATURE

Day's Events Will Climax with
Patriotic Costume Ball in
Star Auditorium

Plans are under way in Marion for an Armistice Day celebration this year that will be the most elaborate since the great demonstration in which the entire city participated on November 11, 1918, when news of the World War's close was flashed over the telegraph wires.

At the preliminary program mapped out by officers and members of the Marion Post No. 102 of the American Legion, the celebration on Nov. 11 this year will be a patriotic day in the city with citizens generally joining in the festivities.

While details have not been worked out it is expected to start the program with exercises at the Junior High school grounds on W. Center with all school children of the city taking part. The plan is to have every school building represented with each presenting some special patriotic feature commensurate with the World War and the history of the Legion.

This means that every school pupil in the city will contribute to the success of the undertaking.

Big Parade
A parade on the Marion Union order is planned to follow events at the school grounds. There will be band music, marching and a parade in the streets. It is hoped to have the parade on Nov. 11, 1918, when news of the World War's close was flashed over the telegraph wires.

The day's events will be climaxed, according to tentative plans, with a patriotic costume ball in the Star Auditorium.

PICTURE OF DRY LAW CONDITIONS EXPECTED

Dry Administrators from All
Parts of Country in Wash-
ington Monday

Washington Sept. 17—A real picture of prohibition conditions throughout the United States will come out of the national conference of dry administrators in open in Washington Monday. These are officials assigned today.

Called in the assembly of a scientific dry survey, General L. C. Andrews, prohibition chief, expects to obtain the facts from the administrators who are attending the conference. He expects to obtain the facts from the administrators who are attending the conference.

Andrews said that the conference was completed today a number of administrators already having arrived. They will report individually to Andrews on conditions in their districts.

Out of the conference, Andrews expects to obtain information that may lead to a radical change in enforcement methods, although no personnel shake up is anticipated.

I want to find out with the administrators and find out exactly what is going on in the various districts. Andrews said.

The conference should result in more scientific plans for meeting the difficult situation.

WOMAN KILLED, THREE MEN SHOCKED BY POWER WIRE

Worcester, Mass., Sept. 17—A fatal tension wire of the Western Massachusetts Street Railway Co. became grounded early today and electric lights and telephone service in a mill square area promptly stopped.

Plemons, summoned to the home of John O'Neil, where an electric motor exploded, attempted to line up a hose. Two men were killed, shocked. Next door Mrs. Mary E. O'Neil fell dead on the front steps electrified. Her son, severely shocked, dropped beside her.

HUDSON TUNNEL OPEN TO AUTOS EARLY IN 1927

200,000 Tube for Vehicle
Traffic To Be Ready
Soon

Sept. 17.—The new Holland Tunnel connecting New York City under the Hudson River is practically completed and will be open to the public in a few days. The tunnel, which will be two miles long, with two lanes in each direction, is the longest and deepest of its kind in the world. It is a masterpiece of engineering, and its construction has been a task of great magnitude. The tunnel is built of concrete, and its walls are lined with steel. It is a marvel of modern engineering, and its completion is a great achievement for the city of New York.

ary method of ventilating a tunnel, blowing in it at one end and out the other, was found impracticable. The amount of air necessary to displace the cars would have caused a serious fire which would have been almost certain to have occurred. Therefore, a plan was hit upon whereby air comes into the tunnel through continuous openings on either side of the roadway at from ten to fifteen foot intervals, leading from fresh air ducts under the road way. The air mixes with the exhaust gases and they gradually rise and are eliminated through openings leading into exhaust ducts. This method also minimizes the smoke danger from possible fires, as tests have shown that smoke cannot spread more than thirty feet on each side of its source because of the upward course of the air currents in the tunnel.

It is estimated that it will take ten minutes for pleasure cars to negotiate the tunnel with fifteen minutes allowed for trucks. By the present ferry route, trans-Hudson motorists must consume a half an hour when traffic is at the lightest and as much as two and three hours on Sundays when tourists abound.

Ole Singstad, chief engineer, attributes the success of the project to the work of his first chief engineer, Holland died October 27, 1923, two days before the New York and New Jersey hearings were scheduled to meet under the river. He was succeeded as chief engineer by M. H. Freeman who also died less than five months later. It is expected that the tunnel will soon earn its cost, \$16,000,000, by revenue from toll charges.

AMERICA AIDS IN REVIVAL OF PERSIA

Built on the dust of centuries of decadence, the new Persia is rising as an Oriental rather than an Oriental nation. And America is largely responsible. From the Shah of reawakened Persia, (left, above), to a firm believer in American methods, particularly as applied to national finance, Persia hereafter is financed on the American plan. Too, its internal economy, military and otherwise, is conducted with the United States as the model. As its administrator general of finance he has Dr. Arthur C. Millsap, (right, above). The United States embassy at Tehran, Persia, shown herewith, is an important and integral part of modern Persia's national life.

BRITISH INDUSTRIALISTS URGED TO SEE AMERICA

London, Sept. 17.—Sir William Jackson-Phipps, the Home Secretary, has urged that one of the greatest obstacles to British trade recovery is the conservatism of the average British business man. In a statement on the British Industries Fair, which is to be held next year, Sir William said: "It is a mistake to regard the old routine, to go out reporting as his father did before him, and his grandfather before that, and to be suspicious of what he would call 'American methods' of selling and advertising."

IRISH POLICE KEEP EYE ON MATRIMONIAL ADS

Dublin, Sept. 17.—Many attractive Irish girls are now advertising for husbands, and their matrimonial queries often take quaint forms. "I don't care whether he is rich or not," declared a pretty young girl. "Then she admitted that she invariably shut her eyes when kissed." The majority of girls, however, who advertise, have long passed the flapper age and these appeals constitute a last desperate attempt to escape "the shelf." Such advertisements generally bring big shoals of replies particularly from men with mercenary intentions, and the police are now keeping a sharp eye on every type of matrimonial advertisement.

ALL COUNTY SCHOOLS CLOSED TODAY FOR FAIR

Pleasant Township School To
Begin Term Monday,
Sept 20

All county schools were closed today for the Marion Fair.

A few of the schools in the various villages and townships of the county closed their doors yesterday to give the pupils a chance to attend the fair.

Pleasant Township School is closed for the day, but will begin its term on Monday, Sept. 20. The school will have a special session on Monday, Sept. 20, to give the pupils a chance to attend the fair.

The school will have a special session on Monday, Sept. 20, to give the pupils a chance to attend the fair.

MARION MEN RETURN FROM CONVENTION

O. H. Boyd, Henry C. Acherman
And William Douglas Back
From Columbus

O. H. Boyd, Henry C. Acherman and William Douglas, last members of the Marion Merchants Association, returned Thursday from Columbus, where they attended the annual convention of the organization, the largest of its kind in the United States.

Mr. Boyd, who is president and general manager of the Marion Merchants Association, is the president of the state association of the clothing business. He attended a banquet which wound up the convention program Wednesday evening. Mr. O. H. Boyd was also a guest at the banquet.

"TOPSY AND EVA" IN UNUSUAL ROLE,

Here recently, Topsy and Eva, in unusual roles, appeared in a play. Topsy, played by Topsy, and Eva, played by Eva, were the stars of the play.

JARDINE HATS

Many New and Beautiful

have arrived for their initial showing Saturday. Among these are many fashionable Austrian Vel our Veltres and Duvels. Many colors and black.

Estate HEATROLA

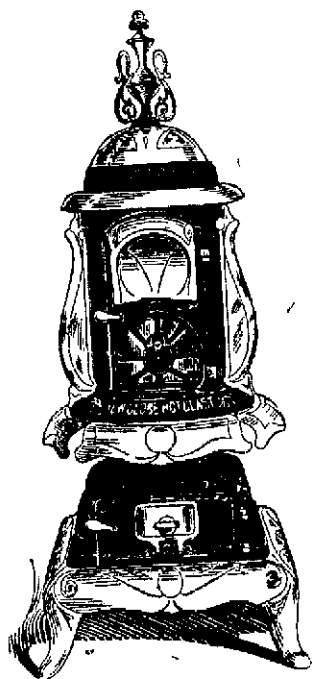

The new day heating plant uses any kind of fuel, coal, oil, soft coal, stick coke, kerosene, even gas. But unlike the stove it does not radiate heat—keeping your face while it leaves your back. It CIRCULATES heat in billows that reach every out of the way corner of the home. The upstairs rooms are kept as comfortable as the room in which the Heatrola stands.

The heated air is moistened by water kept in a cleverly concealed vapor tank which holds enough to serve for twenty-four hours. This vapor tank is removed and refilled as easily as a water pitcher.

Learn how Heatrola is saving fuel and giving furnace comfort to thousands of homes in every part of the country.

Come in and we'll explain why it is also the answer to your heating problem.

Globe Hot Blast

The Globe is the ideal home heater. It is of sturdy construction and at the same time it lends a bit of beauty and 'homey' appearance to any room. It is without doubt the best medium priced heater made—in appearance, in construction and in quality.

Absolute control of the fire at all times is assured with the Globe Perfect fitting doors, ground paper-tight air-tight cup joint—ensuring uniform thickness—insure the maximum of heat with the minimum of fuel.

Sun Glow Gas Heaters

It is not only expensive, but a very unpleasant job to start the furnace when only a little heat is needed to take the chill or dampness from the home. Sun Glow Radiant Heaters will accomplish this easily and cheaply, or will heat your entire home in coldest weather.

Hoover-Rowlands Selling Out Prices Cut For Quick Removal Entire \$100,000 Stock Of Furniture Selling Fast

Each day more and more folks from Central Ohio are sharing in the values offered so that we may close out the Hoover-Rowlands. We expect to move our store in the building soon. There are still wonderful selections because \$100,000 worth of stock is more than the average store will sell in a whole year. If you haven't been in don't hesitate because in spite of tremendous selling you still will find what you want.

Schaffner's plan to make their new home the most attractive and useful furniture store in Ohio barring possibly a store or two in Cleveland or Cincinnati. It will be a place you'll be proud of for Marion. The news from day to day will keep you in touch.

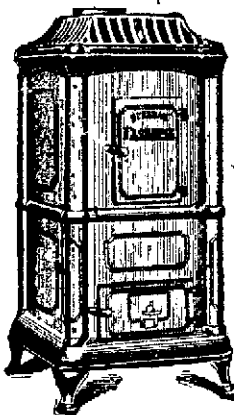

Sixty Growing Years in Marion Complete Home Outfits

September brides, and indeed the brides of any other September, who contemplate the furnishing of a complete home are now especially fortunate. A complete home outfit may be purchased for the same amount which ordinarily would be spent for the furniture for two or three rooms.

Every single piece of furniture purchased in our Selling Out Sale represents a real saving and the aggregate saving on a complete home outfit is truly surprising.

We are willing to extend a liberal credit on each Home Outfit Sale with the addition of a reasonable handling charge.

Buy Your Heater Now at Close-Out Prices

Entire Hoover-Rowlands stock of Florence Heaters thrown on the market at Close-Out Prices

The Supreme Florence is a Cabinet Circulating type heater. It heats and circulates healthful, humidified air evenly and quickly in an economical manner.

The Florence Hot Blast adds to the ordinary heating power of the fuel by burning the gases emanating from the fuel in the process of combustion, saving the user what has heretofore passed up the chimney.

Brawn needs the body-building elements of good malt and finds them most desirably provided in Buckeye

The labors and trials of each man's day are different but most men's choice of malt extract is the same. For in Buckeye they find, best provided body building elements that keep them fit. This purity and its fascinating

flavor won for Buckeye nation wide leadership. It will win your preference instantly for, actual tests have proved that the 2 1/2 pound can of Buckeye is much to be preferred to 3 pounds of ordinary malt

"it's wonderful stuff"

KIDNAPED PRIEST BARES TERRORISM OF HOODED MOB

of 28 Cars That Killed
Children Haled Before
Safety Council

Father Vincent B. Warren
That an organized system of
terrorism with hooded mobs per-
forming deeds of violence upon de-
fenseless and often innocent per-
sons exists in Virginia is the state-
ment of Rev. Father Vincent B.
Warren, pastor of St. Joseph's
Catholic Church, Norfolk, who him-
self was recently kidnapped and at-
tacked by a band of 28 men who
were clad in hooded regalia.

URBANA GIRL PRESIDENT
Urban School teacher will preside
at the 1936 Boy's Conference which
will be held in Dayton, O., Oct. 22-24.
The 14-year-old girl is the president
of all Protestant churches in the city and
has been elected to the position. She graduated from
Urban Junior college last April.

FOUR BROTHERS' FISTONS
Lynchburg, O., Sept. 1.—Four brothers
were all elected members of the Metho-
dist Episcopal Church with 133 votes
in Ohio and at service here last
Sunday. They are Rev. J. O. Wood,
local M. E. church, Rev. Robert
Wood, local M. E. church, and Rev.
Coral Winche, local M. E. church.

VICTIM'S WIDOW SEES
Nema, Sept. 1.—A gun duel in which
two men were killed and a third
wounded, the wife of one of the
victims has had a legal fight with the
widow of the other victim. The
Olive Simpson, the widow of Arthur
Simpson, the other victim of the
duel, is suing the widow of the
other victim for \$5,000 damages,
alleging alienation of the af-
fection of her son.

WEAR NO
Syracuse, Sept. 1.—Wanted to
kill a professor in the technical
language of the psychological class
room, neither Megaphone nor mi-
crophane. All their heads measured
for to be used in opening exercises
showed that the average of less than
one inch.
